YESHIVAT HE'ATID

Creating Futures

THE BEGINNING

The Why Our Mission

Yeshivat He'Atid was founded in response to the tuition crisis. Modern Orthodox families were struggling with the financial burden of providing their children with a Jewish day school education. Some families limited the number of children they would have, others looked into public school or charter school, and many suffered behind closed doors.

In 2012, pioneering families set out to build an affordable Orthodox Jewish day school that maintained the high-quality education to which our community was accustomed. They disrupted the existing tuition paradigm, and built a new model that would cost 40% less than similar institutions - cutting costs by fundraising for scholarships outside of tuition, building enrichment and support into each classroom, and minimizing administrative overhead.

The How Our Success

Utilizing an innovative 21st century educational model that focuses on differentiated rotations within the classroom, Yeshivat He'Atid was built on a personalized blended learning approach. This structure provides our students with immersive, individualized instruction, thereby creating a more efficient classroom.

Many questioned whether the financial model was sustainable, but Yeshivat He'Atid has proven it possible.

Yeshivat He'Atid first opened its doors to 116 students for the 2012-2013 school year, with students in Pre-K, Kindergarten, and First Grade. By the 2015-2016 school year, we had 234 students enrolled from Pre-K through Fourth Grade, and were breaking even - meaning the tuition we collected fully covered all of our operating expenses.

As we continued to thrive, Yeshivat He'Atid quickly outgrew our rental space, necessitating the 2016 move to our current state-of-the-art campus. In 2016, we moved into the current building, with room to grow to over 500 students.

Today, in the 2023-2024 school year, with over 615 students and four grades of graduates, Yeshivat He'Atid continues to break even, proving the sustainability of our revolutionary model.

THE NOW

Thanks to the amazing growth of our school over the past twelve years, our beautiful building that we moved into in 2016 is over capacity. When we bought this property in 2014, we developed part of the property into the current structure, leaving the remainder to develop in the future.

As we often say at Yeshivat He'Atid: He'Atid Achshav - the future is now.

While our smaller initial grades graduate, our student body continues to grow with larger incoming classes. As this growth has continued year after year, we have exceeded our classroom capacity.

Additionally, we need more indoor spaces, such as a full-size gymnasium/auditorium and an additional Beit Midrash, to accommodate our growing student body, ranging from toddlers through 8th Grade.

60% of the average tuition of other local day schools.

Financial Aid was under 1.5% of our tuition revenue.

To date, we saved our community over \$25M.

THE FUTURE העתיד

Our goal is to raise \$3.5 million to provide the funds necessary for this project.
We look to the Yeshivat He'Atid community,
parents, grandparents, and community at large to help us reach it.

BUILDING THE FUTURE

Our goal is to raise \$3.5 million to provide the funds necessary for this project. We look to the Yeshivat He'Atid community, parents, grandparents, and community at large to help us reach it.

Gymnasium and Auditorium

Yeshivat He'Atid looks to build a state-of-the-art gymnasium that will provide our students with the space and resources for proper physical education and sports, as well as provide sufficient room and comfort for our fans to cheer on our He'Atid Hurricanes teams. Our sports teams will be able to play at a competitive level, and experience a home court advantage. The space will also include a stage, which will enable Yeshivat He'Atid to host Mesibot Siddur and Chumash, graduations, our drama program, and other performances.

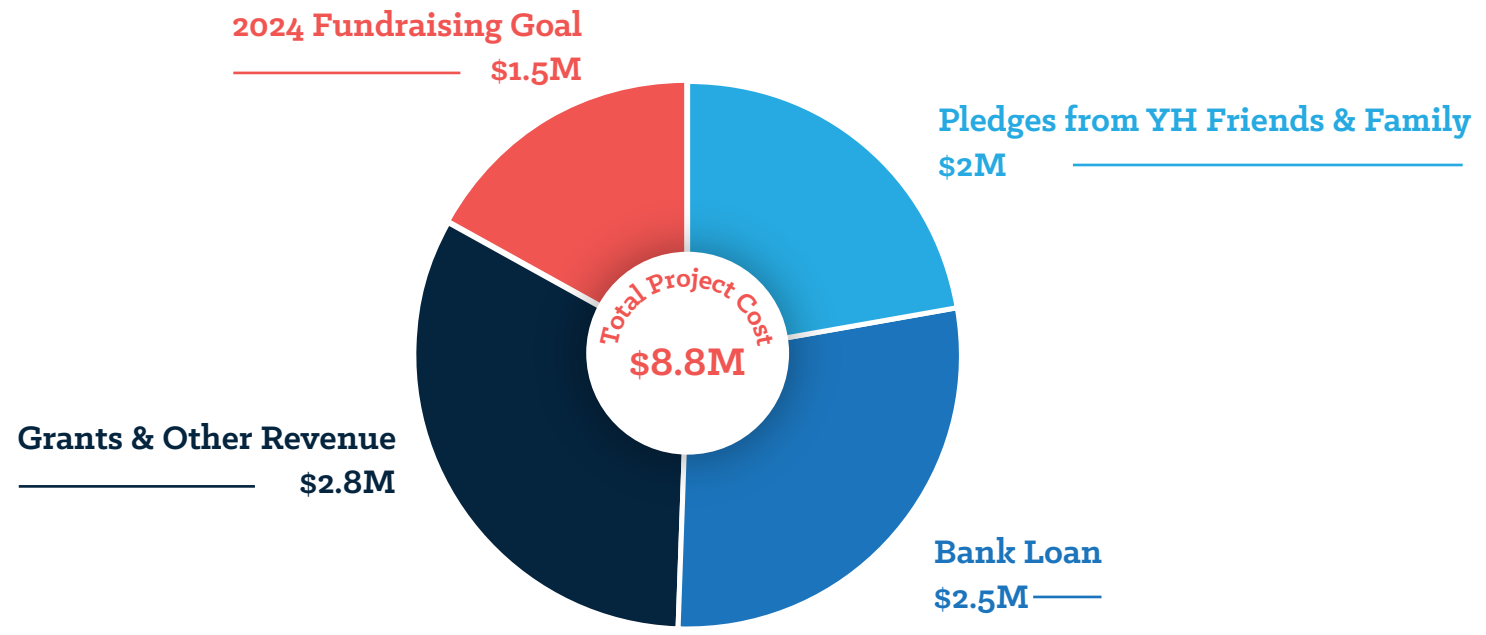

Additional Classrooms

Due to our overwhelming growth in the past few years, we need additional classrooms. These new classrooms will provide our Middle School students with six more classrooms, which will better facilitate their self-directed and often project-based learning, increasingly differentiated classes, and a sense of independence and maturity. The additional classrooms in the new building will also free up existing classrooms to allow for three classes of students in all Early Childhood and Elementary School grades.

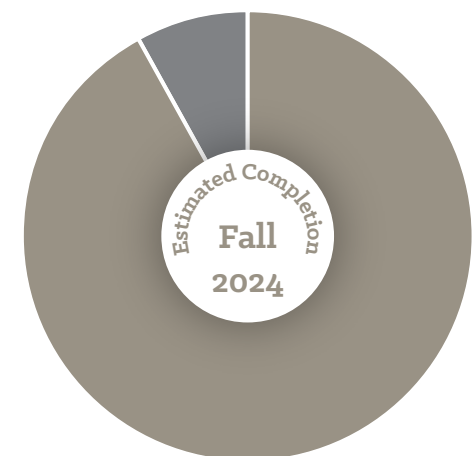

New Beit Midrash

A new Beit Midrash will create a spiritual home for our Middle School students in which they will daven and learn. It will be at the heart of the new floor. Our Middle School students will be able to see the Beit Midrash at all times in the new wing. Even when they are not in the core space, it will remain a visual cue that reinforces our goal of educating the next generation of Modern Orthodoxy to maintain their spiritual connection to Hashem and Torah throughout their endeavors.

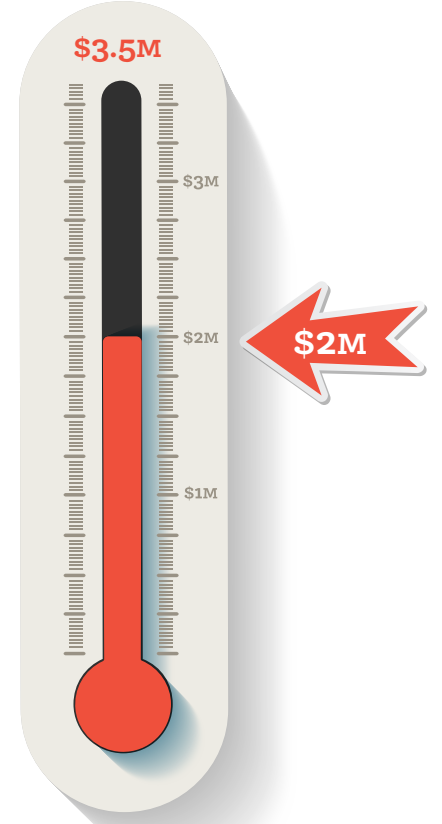

Gym Finishings & Furniture \$700k

Building Construction & Soft Costs \$8.1M

Fundraising Progress

DEDICATION OPPORTUNITIES

In line with our educational philosophy, our facility will provide the highest quality educational environment at the lowest possible cost by utilizing creative approaches to each facet of the project.

Build the future of Yeshivat He'Atid with us.

HEAR FROM OUR HE'ATID PIONEERS

“We are privileged to have a school in our community that provides an exceptional academic education at a reasonable cost.”

*Tamar Kalina
Parent*

“When I come into school it feels like home, and I love coming here every day.”

Anonymous 8th Grader

Above all, Yeshivat He'Atid teaches their students to love Jewish life.

“They feel accomplished as they master skills in both their Judaic and secular studies, and are empowered by their ability to apply those skills.”

*Matt F.
Parent*

“There is no place like it! Our children are truly excited to go to school each and every day and we are so grateful to be part of the YH family.”

*The Klappers
He'Atid Family*
